

LENSPEN® FILTERKLEAR™

INSTRUCTIONS FOR USE

- 1.** Remove any particles on the filter surface with the Retractable Brush.
- 2.** Twist off the Cap and wipe the filter surface with smooth circular motions of the Cleaning Tip. Twist the Cap back on. If some smudges persist, breathe gently on the surface and repeat the process.

IMPORTANT

Lenspen® FilterKlear™ is designed specifically for cleaning dust and fingerprints on optical filters. **Do not use on wet or plastic surfaces or polarizing filters.** Please carefully observe the instructions for use.
